# SOCIAL SPEAK

Hi guys,

This is our Fan Page for THE SERAPH, and what we've done here instead of going the conventional email route is to compile different fan reactions from our various social media platforms to showcase them here..

It's our way of saying that every comment is appreciated, every observation noted and every one is welcome on board as we build up this one-of-a-kind story.

You can also get your reaction or social media comment published in the next edition. All you have to do is to hop in, enjoy our content and spread the excitement by dropping a word. If your comment or reaction catches our attention, we bring it straight here.

**DEVINE OBI EZEWUIRO:** Looks nice. I hope they turn these Epoch comics to movies someday, like Marvel and DC have done. Nollywood where una dey?
